

IMAGINEER

"ALL ABOARD"

"A very magical experience for all ages"

Venture is a Steam Punk inspired Carousel for children and adults alike powered by bicycles and animated by costumed performers and crew. Made through upcycling, reusable objects and creative engineering, Venture is an immersive experience. Take a ride through a 3D soundtrack and thought provoking story which will transport you on an adventurous, playful journey.

“Very inspirational and really fun”

Performance Area

Venture requires a flat performance area – weight bearing hard ground.

Size:

9m x 9m for carousel and roped off area around it.

2m width x 4 m length for the queue (we rope this area)

Changing Area

If booked with performance – a costume changing area is required with somewhere safe to leave clothes.

Operation

Venture is powered by bicycles.

Sound is battery operated. We use a wireless headphone system with transmitter. We also operate a portable hand powered music box.

If the booking is for one day we do not require power. If the booking exceeds one day then power is required for charging over- night.

Running Time

Venture can run for one two hour session and then requires a break of 30 minutes.

Maximum 3 sessions per day.

Transformations

Venture has been created through our Transformations programme with the aim of participants going on to gain employment through crewing, operating and touring Venture to Festivals and Events alongside a professional team.

Transformations is a programme of training for 16-30yrs who are not currently in education, employment or training. Participants work on authentic commissions and projects with professional artists, engineers and technicians to imagine, create and deliver outdoor and site specific work.

“Absolutely brilliant I haven’t seen anything like it”
